## Expertise

We have learned best practices from working with healthcare providers coast to coast, and we use those practices to continuously innovate and design casework that best facilitates evolving, caring and healing processes.

- As a comprehensive resource for healthcare environments, we design and manufacture storage solutions for surgical suites, medical and pharmacy labs, trauma centers and more.
- TMI also provides single source solutions to the administrative side of healthcare facilities, including medical offices, records storage, breakrooms and workrooms.
