INFO SHEET

STORAGE SYSTEMS

Safe & Secure Storage

Safety and security is the primary concern for any mission. To assist with this priority, Spacesaver has designed a durable and user-friendly product for optimally storing first responder products out of harm's way— the Universal Storage Container (USC). Combine the universal storage container with Spacesaver's ActivRAC® mobilized storage system for the ultimate in convenience and storage density.

The durable and user-friendly Universal Storage Container optimally stores an array of first responder products, both federal and DOD, and is built to last any condition. Some of the products stored are:

- Chem Bio Protective Gear
- HAZMAT Suits
- Decon accessories
- Parachutes
- Respiratory Protection
- Gas Masks
- SCBA's
- Sustainment Equipment
- Fire Hoses
- Fire Extinguishers
- Hose Fittings
- Station Equipment
- Calibration Equipment for First Responder Gear
- Contamination Detection Items

Top door panels fold down for full interior clearance. Below the front and back doors have the ability to fold down for easier access to the interior.

FEATURES

- Made in the U.S.A
- Designed with input from end users from around the world
- Rugged riveted and partially-welded, all heavy-duty steel construction
- Heavy-duty 12 ga. diamond perforated steel panels for durability, visibility and ventilation
- Heavy-duty 11 ga. steel frame for strength and rigidity
- Structural corner posts
- Lift points on all sides.
- Structurally welded reinforced base for fork lift access
- Heavy-duty top door panels lift and pivot out of the way for full clearance to the interior
- Front and back doors pivot down and out of the way for easy access
- Fork truck access from all four sides
- Stackable - up to 3 high
- Accommodates heavy-duty padlocks with up to 1/2" diameter shank
- Durable powder coat paint – Lowes Grey is the standard color offering
- Optimized for use with Spacesaver's ActivRAC® Mobilized Storage System
- Optional three digit Identification tag
