

Horizon Digital Lock 3950

Product Description

The Horizon digital lock is a slimline, small footprint lock with an ultra modern look and feel. Easy to install and simple to operate, the lock is available in Public, Private or **Remote Allocation** operating modes as standard.

The pop-out handle offers additional security and the colored indicator ring shows at a glance if the lock is in use or available. The lock also comes with a unique mechanical override key that permits managerial access in the event of an emergency.

Typical applications include lockers, cabinets, delivery boxes and general enclosures.

For further information you can **download the brochure**, **email** or contact us on **+1 (616) 994 0490**.

User, Programming and Installation instructions can be found on our **Downloads** page.
